Rabindra Jayanti Celebration

Life perishes with time but Art only flourishes. The creation of a Poet or an Artist becomes an inspiration in the journey of our life. Tagore's compositions are such which have been able to transcend the boundaries of time and become our greatest companions in our mirth and desolation. The more we explore, the more we are enriched. The Institute of Engineering & Management took a beautiful initiative to celebrate the 162th Birth Anniversary of Tagore on 11th May 2023. The beautiful program was organized under the supervision of Prof. Gauri Majumder where the professors from IEM along with students from various departments participated in this cultural program. The program started at 9 AM with a chorus song. Then Prof Dr. Satyajit Chakrabarti honoured Tagore. Then one by one participated in the event and gave tribute to the Tagore. At the end of the program, some refreshments were arranged for all.

Independence Day Celebration in college

Fifteen August is a red letter day in the history of India. On this day in 1947, our country became free from the long imprisonment of British rule. Since 1947, the fifteenth of August has been celebrated every year with great joy and pride. It reminds us of the great struggle for our freedom from the British rule. The great sacrifice of our freedom fighters is remembered, which serves as a beacon light for the development of this great country. Like every year this year IEM celebrated Independence Day on his own campus with students and faculty members. Prof. Gora Chakrabarty lifted the flag and after that, he gave a small speech about this great day. Then Prof. Dr. Kamakhya Prasad Ghatak gave a small speech about the brave soldiers. After that sweet was distributed among the students and faculty members.
