Proposal on digitalization in educational Institutes /Universities in India

1. Introduction

There is a proliferation of academic institutions of higher learning in the country. The diverse nature of these institutions poses tremendous challenges for the Promoters as well as UGC and academic regulators like AICTE to control them effectively from both academic and administrative points of view. In today's digital era it is possible to fulfill this need through an Academic ERP that is flexible, scalable, and provides a platform for progressive modular development consistent with the stage of development of a particular institution.

2. Proposed Solution – Academic ERP

2.1. About “Academic ERP”

Academic ERP is an important step towards e-governance, transparency and quality improvement in the domain of academic administration. Many of the reputed institutions in the country are using some form of 'Academic ERP' with full satisfaction.

The concept of Academic ERP, aims not only at achieving operational excellence in Institutions, but also make its stakeholders the beneficiaries of the system.

The Academic ERP takes care of the following stakeholders from the institution's point of view:

- i) Students/Parents
- ii) Teachers
- iii) Promoters
- iv) Regulatory Agencies (AICTE, NAAC, NBA)

Proposal on digitalization in educational Institutes /Universities in India

2.2. Overview of solution

This Academic ERP is module based. The different modules currently available are:

Pre-Admission	Feedback
Admission, Fees & Dues	Alumni
Routine Management	Teacher's Personal Management
Teaching & Learning	Leave Management
Student Attendance	Online Class Test with Attendance & Feedback
Student Mentoring	Certificate Management
Online Examination	Office e-Locker
Examination Evaluation with Course Output & Boolms Taxonomy	System Administrator
Analytics/Reports	Online Entrance Test (Like CET, PGET etc.)

Full Module with Description

SINo	Module Name	Sub Module with Roll (user permission, admin can set the user permission individual)	
1	Pre-Admission Process	Online form fill up	Candidate
		Search form by student name/ form no /address/course/father's name wise etc.	Admission Councillor
		Generate money receipt after Provisional admission	Admission Councillor

Proposal on digitalization in educational Institutes /Universities in India

		Admission report For each counsellor		Management
		Generate other reports		Management
2	Admission Fees & Dues Process	Student's Enrollment	<p>(1). At the time of final admission the student & their respective guardian will receive the unique username and password through SMS.</p> <p>(2) Automatically student data will be updated. – Manual data feeding is not required.</p> <p>(3) Fees will be tagged with each students automatically semester wise</p>	Admission Councillor/ Accounts Department
		Student I-Card Generation	Generate I-Card	Admission Councillor/ Accounts Department
		Registration Card	Generate Registration Card	Registrar Department
		Fee Collection	Online Payment (through Cards etc)	Student

Proposal on digitalization in educational Institutes /Universities in India

			Cash collection and generation of Money Receipt	Accounts Department
		Due	Due Reports student wise/batch wise/ degree wise	Accounts Department
		Fees Adjustment	Fees Alteration	Management/ According to user's permission
		Report	Dues Report searching students admission / batch / stream / area / quota etc wise report	Accounts Department/ According to user's permission
3	Routine	Routine Creation	Subject Allotment Faculty Allotment	Departmental Coordinators/HOD
		Reports	A. Master routine B. Department/Section/Class wise routine C. Day wise Routine D. Faculty Load E. Faculty routine F. Availability of faculty G. Own routine will be displayed in Teacher's /student's login	Departmental Coordinators/HOD Faculty/Student
4	Lesson Plan	<p>A. From Teacher's login teacher will be able to upload the lesson plan day wise which will be displayed form student's login</p> <p>B. System will automatically track the current semester of a student</p> <p>C. Teacher can also update lesson plan after taking class</p> <p>D. HOD & Principal can also monitor it through their login</p> <p>E. Student can also follow topic covered details through their login</p>		

Proposal on digitalization in educational Institutes /Universities in India

5.	Attendance	<p>A. After taken class teacher can update attendance/Class performance details through their login.</p> <p>B. Automatically SMS will be sent to absentee students guardian's mobile</p> <p>C. Generation of Attendance Register</p> <p>D. Any report like subject wise, teacher wise report etc of attendance will be generated with graphical representation</p> <p>E. Student can follow the attendance details from their login also.</p> <p>F. Class bunker's report.</p> <p>G. Day wise overall attendance report can be sent to Principal/Director/HOD</p>									
6	Mid Term Examination	<p>A. Subject wise marks bulk upload</p> <p>B. Generate Tabulation Sheet</p> <p>C. Generate marksheet with graphical analysis</p> <p>D. Marks can be sent to guardian's mob. no. through SMS</p> <p>E. Student/Guardian can also view it from their respective login</p>	<p>Controller/ Registration Section</p> <p>Student's login</p>								
7.	University Examination System	<p>A. Generate Admit card</p> <p>B. Moderation of Question based on CO & BL</p> <p>C. Track Backlog subjects and students</p> <p>D. Upload marks</p> <p>E. Generate Tabulation Sheet and Analysis</p> <p>F. Generate Marksheet and analysis</p> <p>G. Provisional certificate</p> <p>H. Degree Certificate</p>	Controller of Examinations								
8.	Online Test	<table border="1"> <tr> <td>Question Entry</td> <td>Faculty</td> </tr> <tr> <td>Teacher can set examination date & time from their login</td> <td>Faculty</td> </tr> <tr> <td>IP Restriction</td> <td>Faculty</td> </tr> <tr> <td colspan="2">Randomize question will be displayed from student's login SMS Marks to Guardian's Mobile</td> </tr> </table>	Question Entry	Faculty	Teacher can set examination date & time from their login	Faculty	IP Restriction	Faculty	Randomize question will be displayed from student's login SMS Marks to Guardian's Mobile		
Question Entry	Faculty										
Teacher can set examination date & time from their login	Faculty										
IP Restriction	Faculty										
Randomize question will be displayed from student's login SMS Marks to Guardian's Mobile											

Proposal on digitalization in educational Institutes /Universities in India

9	Online Student Feedback System	set date & time for feedback	HOD/Coordinator/Principal
		Display feedback of all faculty.	HOD/Coordinator/Principal
		Self feedback	Faculty
		Generate various kind of report & Graphical analysis	HOD/Coordinator/Principal
		Feedback of students with less attendance can be rejected.	
10	Student Project	Student can upload final year project and tag to project guide (Faculty)	
11.	Organizational Calendar	Integrate google calendar.	
12	Teacher's / Staff Personal Management	Teacher/Staff can fill up their own profile from their own login Update qualification, publication, patent, no of workshops attended etc. Generate own resume	Faculty/ Staff
		Reports of different departments/ designation with no of publication/ patent etc.	HOD/ Coordinator/ Principal
13	Notice	Notice can be sent to all student and all faculty / staff members or selected faculty/ staff member/s.	HOD/Coordinator/Principal
		Notice can be sent via SMS and e-Mail	Faculty/ Staff (According to user's permission set by admin)
		Notice can be sent to alumni also	
14	Certificate Management	A. Create Certificate Template B. Select student for generating certificate C. Issue and take print out	Admin Staff (According to user's permission)
15	Alumni	A. System can automatically convert a student to alumni B. Alumni member can search their friend with current position. C. Alumni can upload their current address, mobile no, email, working details with designation.	

Proposal on digitalization in educational Institutes /Universities in India

16	Payroll		A. Pay Slip B. Salary Register (Automated calculation with loan calculation) C. PF Report D. Head wise report E. Voucher payment F. Generate Reports	Account's department (According to permission of user set by admin)
17	Leave Management		A. Apply for leave B. Leave approval C. Tracking of leaves D. Generate Report's / Unauthorised leave	Faculty/ Staff HOD & Principal HOD / Principal HoD / Principal (As per user permission set by Account's department)
18	Student Mentoring		A. Ability to track individual students B. Record students progress / feedback of mentor & mentee discussions C. Track students progress/ feedback of mentor & mentee discussions	Faculty Mentor Faculty Mentor HOD & Principal
19	E-Locker		Upload scanned document View uploaded documens	Staff Any staff to whom view permission is given while uploading
20	Online Entrance Test		Entrance tests can be taken for the courses like CET, PGET etc., Where multiple subjects can be added in a single examination , Questions can be set within a range, IP can be restricted for the examinations as a result students can give the examination from various centers, Marks can be evaluated immediately after the examination ends, Answer script for any particular student can be displayed.	
21	Admin		A. Create users, grant permission to the user B. Create/Modify Course - set intake & duration	Admin

Specimen Reports attached in Appendix A.

Proposal on digitalization in educational Institutes /Universities in India

2.3. High Level workflow

Please refer to Appendix C

2.4. Technology Stack

Front End: HTML, Javascript, JSP, JAVA

Back End : MySQL

2.5. Why “Academic ERP”?

When embarking on an ERP projects, higher education's risk-averse nature and close-knit community encourage CIOs to look toward the software and systems used by peer organizations that have successfully tackled similar challenges. Higher education executive teams do not naively believe that it was just the technology that made those organizations successful. However, they feel that, by adopting the technologies that others have been successful with, they are removing one variable from the success/failure equation. And our Academic ERP solution has been successfully rolled out and adopted in many of the institutes and currently has more than **5000+** users and as such **offers a proven and tested solution.**

Hosted on **Amazon Cloud infrastructure**, it would allow to get started **with minimum investment** and invest more as one scales up and it provides a **best in class security features** and can be **accessed in any part of the globe at any time (24X7)** with highest level security features.

2.6. Our value offerings

Following are couple of engagement models available:

1. Full Implementation services:

As part of this model, we partner with the institutes to make the ERP functional to the institute. It would include:

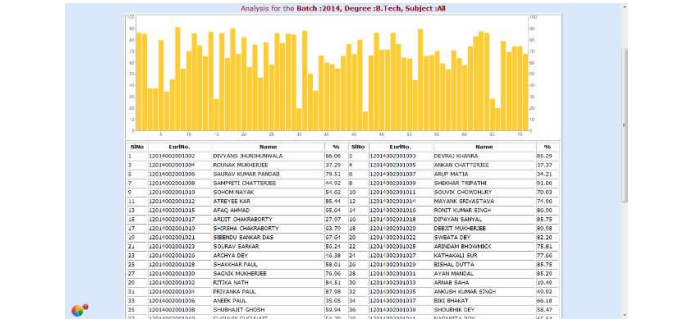

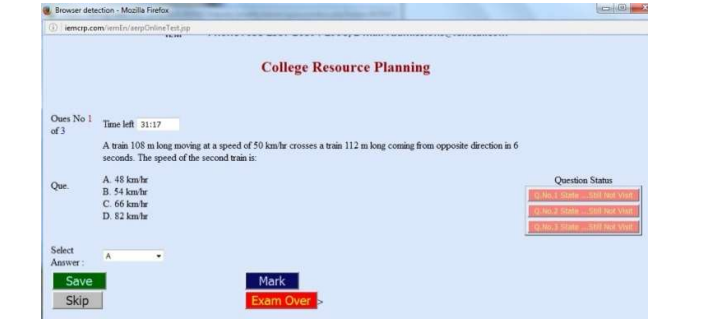

- a. Hosting, setup and configuration of Academic ERP
- b. Data conversion
- c. Training (both end user as well as technology know how transition)
- d. Support application customization
- e. Warranty support post go-live

2. Software License and consulting services:

As part of this model, we will help to implement the Academic ERP to your organization.
